Please text picture of filled out form to 619-300-0444 or email to marion@belvederestables.com.

Your registration will be valid after remitting payment.

Clinic information and format

Format:

All lessons are 40min. We will provide a communication system for the riders, please feel free to bring your favorite plug-in style headset or you may use the one provided. Alternatively, you can use your phone and a Bluetooth earpiece if you prefer.

You are absolutely welcome to warm up your horse inside the arena before your ride time. We ask you to be mindful of the active instruction and give right of way to their patterns. We also have a small adjacent arena that will be available for longing or warmup if preferred.

It is customary to reward the horses of the Spanish Riding School with a sugar cube for a job well done, and it is a widely used reward in Europe altogether. Please let us know if you are not comfortable with your horse receiving sugar cubes or a food reward at all during your session, or you may hand Bereiter Bachinger your horse's preferred reward for the session.

Christian Bachinger is a master of in-hand work. Even if your horse has never been worked from the ground, you will be amazed what can be accomplished in ten minutes before you start your ridden lesson. Let him know if you are curious to learn or if you would like to see him work with your horse or address a certain problem.

If you would like to work on perfecting your seat you can ask for a longing session which can be part of or your entire instruction if you desire. Perfecting your seat is a 6 month pre-requisite to ever touching reins or stirrups in the Spanish Riding School and continues throughout the years.

Please make sure your horse knows how to longe, we can provide all the necessary equipment on site for the day.

Turnout and attire:

We ask for a clean and neat turnout of your horse in your respective discipline without overly loud colors. Braiding or banding is not required but certainly optional at your discretion. Leg protection is optional.

Riders are asked to dress in any color riding pants corresponding with your discipline and short or long sleeve shirts with collars, e.g. polo shirts, Western shirts, or show blouses.

Riders are invited to audit any or all other rides on the day of their paid lesson.

Riders and Auditors are welcome to join us for a Q&A chat with Christian Bachinger on Saturday at 12:30. If you would like to order lunch please add $15 to your rider's fee.

Video and pictures:

Taping and photographing of lessons is permitted for the rider to do or someone acting on behalf of the rider. Any photos of Christian Bachinger riding and any video of him riding/or teaching with audible instruction has to have his approval before being posted online or published in any print media. If you miss the chance to show him your recordings please let us know, we can have his agent review the footage for public release.
Any videos of your lesson that don't have audio can be posted freely.

Auditors are not permitted to take photos/videos.

We are looking forward to seeing you!

Christian Bachinger Classical Dressage Clinic

Registration
